MANUFACTURING

RF Pass-through

Upgradable expansion slots for Hirose RF antenna pass-through supports GPS, WWAN and WLAN.
Seamless Connectivity

Pogo pins align with the device's pogo pads for a seamless charging experience, while two larger ground pins provide a return path for the electrical current and ensure proper alignment when docking the ZX80.

Add-on Mounting

Attachable side bracket for cable management and mounting small devices such as scanners, phones, printers, and more.
